Dr.M.Parimaladevi, IQAC Coordinator, Department of Maths Sri Bharathi Arts and Science college for women, Kaikurichi, Pudukkottai - 622303

The external auditors after their thorough verification documents pertaining to all the aspects of each department were drawn with following comments.

- The faculty members need to be motivated properly to apply for research proposals with Government funding agencies.
- The faculties may improve the technical skills for using ICT tools more than before for effective teaching – learning process.
- The departments need to conduct seminars and conferences at the International Level.
- The faculty members increase their research publication count more, few departments not having any publications. They should try to publish in Scopus/SCI indexed journals.
- Faculties must attend FDP regularly.

The external auditors satisfied with the overall teaching learning process of the college, and they are of unanimous opinion that faculty should start focusing on quality research publications and applying for funding proposals.
